How to Import VPN Profile from URL

Import Profile

URL FILE

URL
https://openvpn.net

Please note that you can only import profile using URL if it is supported by your VPN provider

If your VPN provider supports import from URL, you can import a profile by entering server's URL or IP address

OpenVPN Inc. Data Collection, Use And Retention

OpenVPN Inc. presents our updated policies to transparently show how we collect, use, or retain your data. By clearly and openly presenting the terms of our policies we hope to maintain the trust and confidence of all our valued customers. Our priority is to educate and make it easy for customers to understand what data we collect, why we collect it, and how we use it.

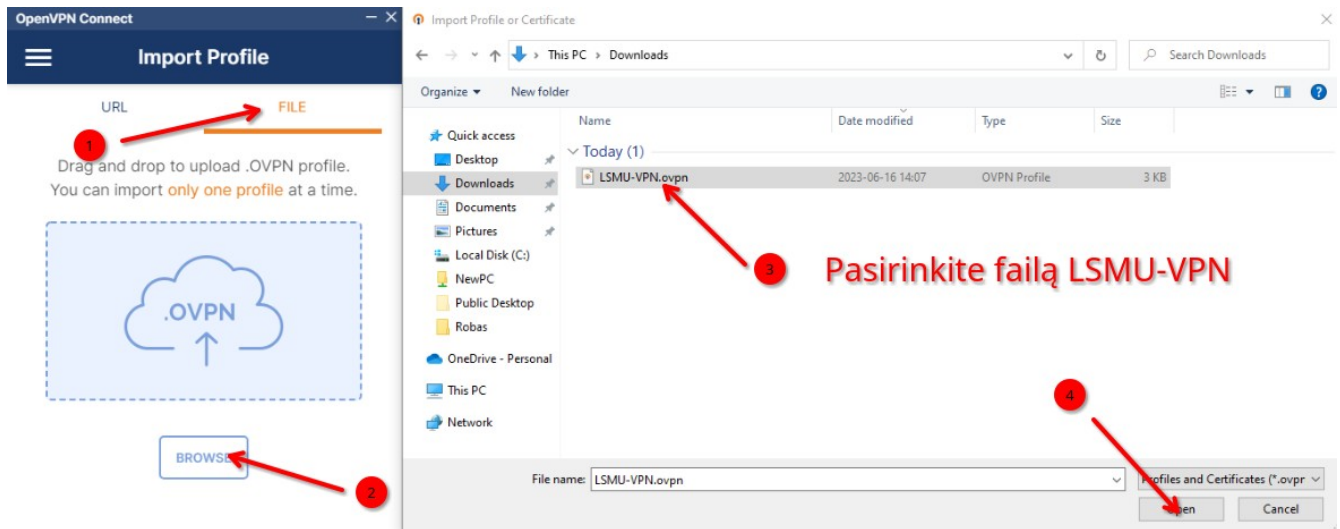

APP DATA USAGE

OpenVPN Connect is used to create VPN tunnels that connect to Access Servers, Community OpenVPN Servers, and any other third-party service that works with the OpenVPN protocol. OpenVPN Inc. does not have control over these servers, and the data policy of each of these servers are
